EDUCATION

Holy Angel University

Angeles City, Pampanga

Bachelor of Science in Information Technology, Major in Web Development

April 2025

- Most Outstanding Graduating Student and Most Outstanding On-the-Job Trainee, BSIT Web Development.
- Dean's List and President's List honoree for all academic years (2021–2025).
- President, Code Geeks' Organization.

EXPERIENCE

Direct Client (Australia-based)

Remote

Full Stack Web Developer

July 2025 – August 2025

- Served as the sole full-stack developer for an Australia-based client, owning each assigned project from planning and design through development and deployment.
- Acted as primary point of contact, delivering tailored solutions and ensuring end-to-end execution met client expectations.

Holy Angel University – Institutional Database Management Office

Angeles City, Pampanga

Full Stack Web Developer, Internship

June 2024 – November 2024

- Selected personally by the Head of the IDMO to independently design and develop a custom Employee Portal with minimal supervision.
- Built the full-featured portal as a solo project, spanning system analysis, UI/UX design, backend logic, and deployment.
- Managed the end-to-end deployment and release of the application.

NILEliteGears & Complete Vitality Life

Remote

Graphic Designer, Freelance

April 2024 – July 2024

- Designed product previews, custom graphics, banners, and promotional images for marketing and e-commerce.
- Optimized visuals across social media platforms to maximize audience engagement.

Pina Realty Management

Remote

Full Stack Web Developer

Project-Based

- Built a custom CMS and records-management portal enabling centralized property listings, client records, and deal tracking.
- Engineered the full-stack solution across UI/UX, backend logic, and database management for a streamlined, user-friendly experience.
- Oversaw end-to-end deployment, delivering a production-ready system tailored to the client's operations.
